### EXAMINER'S AMENDMENT

An examiner's amendment to the record appears below. Should the changes and/or additions be unacceptable to applicant, an amendment may be filed as provided by 37 CFR 1.312. To ensure consideration of such an amendment, it MUST be submitted no later than the payment of the issue fee.

Amend claims 30 and 32 thus:

30. (Amended) The cleaning composition of claim 26, further comprising one or more components selected from the group consisting of: alkoxylated polycarboxylates; bleaching agents; bleach activators; bleach catalysts; brighteners; chelating agents; clay or soil removal agents; ~~and~~ anti-redeposition agents; dye transfer inhibiting agents; lipases; amylases; ~~hydrolases; and~~ other proteases; fabric softeners; polymeric soil release agents; polymeric dispersing agents; and suds suppressors.

32. (Amended) The cleaning composition of claim 25, further comprising one or more materials for modifying the composition's aesthetics selected from the group consisting of perfumes, ~~colorants,~~ and dyes.

Authorization for this examiner's amendment was given in a telephone interview with Ms. Linda S. Evans on July 9, 2004.

The following is an examiner's statement of reasons for allowance:

The examiner's amendment clarifies the recitation of claim 30 by deleting a generic term, "hydrolases", included in the same Markush group with three subgenera of hydrolases, i.e., lipases, amylases, and proteases, and by removing superfluous conjunctions. The examiner's amendment clarifies the recitation of claim 30 by deleting a generic term, "colorants", included in the same Markush group with a subgenus of colorants, i.e., dyes.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably

accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."
